No. 1 20 February 1990

Guest editorial	1	PAPERS—EARTH SCIENCES AND GLACIOLOGY	
REVIEW—The Cenozoic history of Antarctica and its global impact P.N. WEBB	3	A geological reconnaissance of the Radok Lake area, Amery Oasis, Prince Charles Mountains B.C. MCKELVEY & N. C.N. STEPHENSON	53
PAPERS—LIFE SCIENCES AND OCEANOGRAPHY		Fish remains from the Santa Marta Formation (Late Cretaceous) of James Ross Island, Antarctica M. RICHTER & D.J. WARD	67
The diet of the emperor penguin, <i>Aptenodytes forsteri</i> , in Amanda Bay, Princess Elizabeth Land, Antarctica N. J. GALES, N.T. W. KLAGES, R. WILLIAMS & E.J. WOehler	23	Short note	
A one-dimensional mixed layer model beneath the Ross Ice Shelf with tidally induced vertical mixing M. SCHEDUIKAT & D. J. OLBERS	29	A new sedimentological interpretation for part of the Santa Marta Formation, James Ross Island D. PIRRIE	77
Euphasiid life cycles and distribution around South Georgia P. WARD, A. ATKINSON, J.M. PECK & A.G. WOOD	43	PAPERS—ATMOSPHERIC SCIENCES	
		A review of the climate of Mawson—a representative strong wind site in East Antarctica N.A. STRETEN	79
		Book reviews	91
		Recent meetings	93
		Noticeboard	95
		Instructions for authors	99

No. 2 24 May 1990

Guest editorial	103	Estimation of neutral lipid levels in Antarctic sea ice microalgae by Nile red fluorescence J.C. PRISCU, L.R. PRISCU, A.C. PALMISANO & C.W. SULLIVAN	149
REVIEW—Remote sensing in Antarctica and the Southern Ocean: applications and developments J.A. MASLANIK & R.G. BARRY	105	PAPERS—EARTH SCIENCES AND GLACIOLOGY	
PAPERS—LIFE SCIENCES AND OCEANOGRAPHY		First Polychelidae (Crustacea, Palinura) from the Jurassic of Antarctica M.B. AGUIRRE-URRETA, L.A. BUATOIS, G. CH.B. CHERNOGLASOV & F.A. MEDINA	157
The influence of crude oil on the growth of subantarctic marine bacteria D. DELILLE & N. VAILLANT	123	A new Triassic vertebrate fauna from Antarctica and its depositional setting W.R. HAMMER, J.W. COLLINSON & W. J. RYAN	163
Demersal fish fauna of the Weddell Sea, Antarctica W. EKAU	129	PAPERS—ATMOSPHERIC SCIENCES	
Diet of Heard Island cormorant <i>Phalacrocorax atriceps nivalis</i> K. GREEN, R. WILLIAMS, E.J. WOehler, H.R. BURTON, N.J. GALES & R.T. JONES	139	Surface layer ozone above the Weddell Sea during the Antarctic spring L.N. YURGANOV	169
Snow algae of the Windmill Islands, continental Antarctica. <i>Mesotaenium berggrenii</i> (Zygnematales, Chlorophyta) the alga of grey snow H.U. LING & R.D. SEPPELT	143	Book reviews	175
		Recent meetings	179
		Noticeboard	183

No. 3 24 August 1990

Guest editorial	187	Snow accumulation and surface topography in the katabatic zone of Eastern Wilkes Land, Antarctica I. GOODWIN	235
REVIEW—Signals of atmospheric pollution in polar snow and ice E.W. WOLFF	189	The calving and drift iceberg B-9 in the Ross Sea, Antarctica H.J.R. KEYS, S.S. JACOBS & D. BARNETT	243
PAPERS—LIFE SCIENCES AND OCEANOGRAPHY			
Feeding selectivity in <i>Notothernia neglecta</i> , Nybelin, from Potter Cove, South Shetland Islands, Antarctica E.R. BARRERA-ORO & R.J. CASAUX	207	Icebergs as tracers of water movement in the Bransfield Strait P. MADEJSKI & S. RAKUSA-SUSZCZEWSKI	259
The deep sea isopod genus <i>Echinozoe</i> Sars, 1987 and its occurrence on the continental shelf of Antarctica A. BRANDT	215	Short Note European geological initiative for the Shackleton Range F. TESSENHORN & M.R.A. THOMSON	265
Short note Test of Antarctic soil for insect parasitic nematodes C.T. GRIFFIN, M.J. DOWNES & W. BLOCK	221	PAPERS—ATMOSPHERIC SCIENCES Equivalent ionospheric currents above Antarctica during the austral summer V.O. PAPITASHVILI, Y.A.I. FELDSTEIN, A.E. LEVITIN, B.A. BELOV, L.I. GROMOVA & T.E. VALCHUK	267
PAPERS—EARTH SCIENCES AND GLACIOLOGY			
Preliminary results of seismic reflection investigations and associated geophysical studies in the area of the Antarctic Peninsula THE GRAPE TEAM	223	Book reviews Recent meetings Noticeboard	277 280 282

No. 4 22 November 1990

Guest editorial	285	An Early permian palynoflora from Milorgfjella, Dronning Maud Land, Antarctica K. LARSSON, S. LINDSTRÖM & D. GUY-OHLSON	331
REVIEW—Improvements in General Circulation Model performance in simulating Antarctic climate I. SIMMONDS	287	Pre-caldera pyroclastic deposits of Deception Island (South Shetland Islands) J. MARTI & A. BARALDO	345
PAPERS—LIFE SCIENCES AND OCEANOGRAPHY			
Alien vascular flora of Marion and Prince Edward Island: new species, present distribution and status D.M. BERGSTROM & V.R. SMITH	301	Short note Preliminary stratigraphy of volcanoes in the executive Committee Range, central Marie Byrd Land J.L. SMELLIE, W.C. MCINTOSH, J.A. GAMBLES & K.T. PANTER	353
Attendance behaviour of Antarctic and subantarctic fur seal females at Marion Island M.N. BESTER & P.A. BARTLETT	309	PAPERS—ATMOSPHERIC SCIENCES Development of unmanned magnetometer stations for use in Antarctica O. SAKA, N. SATO & S. UCHIDA	355
Growth of Antarctic and temperate terrestrial Protozoa under fluctuating temperature regimes H.G. SMITH & S.J. MOORE	313	Book reviews Recent meetings Noticeboard Index	363 367 371 377
PAPERS—EARTH SCIENCES AND GLACIOLOGY			
Spinel-garnet lherzolite nodules from alkaline-ultrabasic rocks of Jetty Peninsula (East Antarctica) A.V. ANDRONIKOV	321
